Accelerated Master’s Program
(AMP)
Student Handbook
ACCELERATED MASTER’S PROGRAM IN ECOLOGY AND EVOLUTIONARY BIOLOGY

The Accelerated Master’s Program (AMP) with a major in Ecology and Evolutionary Biology is available to high-achieving undergraduate students who desire to simultaneously complete their undergraduate degree and work towards a Master of Science degree in this department. The Accelerated Master’s Program requires a research-based thesis. To be approved for admission to the program by the Graduate Admissions Committee, an applicant must be accepted by a core faculty member who is willing to serve as a Major Advisor. No one will be admitted into the Accelerated Master’s Program without a Major Advisor.

The AMP program is only available to current University of Arizona undergraduate students. To qualify for the AMP in Ecology and Evolutionary Biology, undergraduate students must be working towards a Bachelor of Science degree in Ecology and Evolutionary Biology. No other degrees or majors, such as Bachelor of Arts in EEB or Bachelor of Science in General Biology, have been approved under the AMP. Please see the Graduate College’s website for a list of currently approved AMPs: https://catalog.arizona.edu/policy/accelerated-masters-program-amp.

Admission Requirements – Set by the Graduate College

1. Completion of a minimum of 75 undergraduate credit hours will be required at the time of application; a minimum of 90 undergraduate credit hours will be required at the time of entry into the AMP.
2. A minimum GPA of 3.30. If the student’s GPA falls below 3.30 at the time s/he has completed 90 units, the student will not be admitted into the program. Courses taken for audit may not be included in the total number of units counted for eligibility or admission.
3. Completion of at least 12 earned units of undergraduate course work in the major at the University of Arizona.
4. Units still graded Incomplete, units graded Pass/Fail or units taken as audit will not count towards the requirement of the 12 undergraduate units in the major.
5. Completion or near completion of general education requirements.
6. Submission of a graduate application and payment of a graduate application fee.
7. Demonstration of the maturity necessary for success in an accelerated, highly competitive program.
8. Expectation to complete the undergraduate degree within four years. The undergraduate degree requirements must be completed before the student is eligible to have the Master’s degree awarded.

Admission Requirements – Set by the Department

1. Must have completed, or currently enrolled at the time of application, the following main EEB courses:
   a. ECOL 302, Ecology, 4 units
   b. ECOL 335, Evolutionary Ecology, 4 units
   c. ECOL 320, Genetics, 4 units.
   Exceptions will be considered on a case-by-case basis.
2. Must have a Major Advisor identified. The Major Advisor must be a core faculty member of the Department of Ecology and Evolutionary Biology.

Application Process

Undergraduates are expected to apply for the AMP during their third (junior) year. Interested students should contact the Graduate Coordinator and request the Application Authorization Code. Students will need to apply through the Graduate College’s GradApp system. Application deadline is December 1 of each year. Late applications may be considered on a case-by-case basis.

Required Items for the Application

1. Statement of Purpose – 1-3 page discussing your goals and objectives for pursuing this graduate degree, qualifications and indicators of success in this endeavor, and include career objectives that obtaining this degree will provide.
2. Resume/Curriculum Vitae
3. Unofficial Transcripts (including UArizona)
4. Two Letters of Recommendation – you will provide the names and contact information in the GradApp system. You will then initiate the request for the recommendation through the system.
Upon being selected for the program, students will be recommended for admission to the Graduate College by the department’s Graduate Admissions Committee. The Graduate College will initially offer conditional admission, provided the student meets the minimum requirements set by the Graduate College. The undergraduate student is then eligible to enroll in 500 level courses (please refer to Degree and Tuition Policies section for more information). After the bachelor’s degree has been awarded, the Graduate Coordinator will initiate a recommendation for reconsideration to the Graduate College. Provided the student continues to meet the minimum admission requirements, the Graduate College will formally offer admission.

Degree and Tuition Policies

Students will be considered undergraduates until they complete their undergraduate requirements, which should be no later than the end of the fourth year. Students entering with Advanced Placement Credit or who attend summer school would likely graduate with their bachelor’s degree in the 3rd year. Students must take at least 12 of their graduate credits while in graduate status. In other words:

1. During years 1-3 (or approximately 0-90 credits) student will be taking undergraduate coursework and charged at the undergraduate rate.
2. Once admitted to AMP, during the senior (or transition year), they may take up to 12 units of graduate coursework which may apply toward both the bachelor’s and the master’s degrees. Students will be charged at the undergraduate rate and retain eligibility for undergraduate scholarships.
3. Students classified as seniors who have not yet completed a bachelor’s degree may enroll in 500-level courses following the Graduate Credit for Senior Policy [https://catalog.arizona.edu/policy/graduate-credit-seniors](https://catalog.arizona.edu/policy/graduate-credit-seniors). Courses numbered at 600, 700, and 900 levels are not open to undergraduates.
4. After completion of all baccalaureate requirements, students will be granted graduate status, be charged at the graduate rate, and be eligible for graduate assistantships. The student will not be eligible to graduate nor will they be eligible for assistantships until all baccalaureate requirements are completed. While an undergraduate, students are required to keep their graduate coursework cumulative GPA at 3.0 or higher to be admitted to the master’s program.
5. Should a student have completed 12 graduate credits, but not yet completed the undergraduate degree, they will be considered graduate for financial aid and tuition purposes with a graduate career in UAccess. They will no longer be eligible for undergraduate scholarships, nor will they be eligible for graduate assistantships.
6. At least 12 graduate credits must be taken while in graduate status, after completing all requirements for the bachelor’s degree.
7. Student are encouraged to complete their undergraduate requirements as soon as possible, but not later than one semester before earning their master’s degree. Students finishing their undergraduate requirements later than one semester before earning their master’s will no longer be eligible for undergraduate scholarships or for graduate assistantships. Neither degree will be awarded until all undergraduate degree requirements have been completed.

Requirements for the Accelerated M.S. Program

Upon entering the AMP, the student must form a Master’s Committee consisting of a core Major Advisor, and two other faculty members (file DEPARTMENTAL FORM I). Two of the members of this
committee must be core faculty members (tenure-track) of the Department of Ecology and Evolutionary Biology. The Master’s Committee must be approved by the Department Head. During the first semester of attendance the student should meet with his or her Committee to work out a Provisional Program of Study and file DEPARTMENTAL FORM C(a) with the Graduate Coordinator. The MASTER’S PLAN OF STUDY (an online Graduate College form) must be filed with the Graduate College by the end of the third semester.

General requirements for the Master of Science degree with a major in Ecology and Evolutionary Biology follow the recommendations in the current Graduate Catalog. There is no foreign language requirement and no qualifying examination. It is necessary to have a minimum of 30 units of graduate work, where 24 must be non-thesis credits, and not less than 15 of the 30 units must be from courses in this department. At least 15 of the 30 units must be graded A, B, or C. To graduate with a thesis MS degree, students must complete at least 1 thesis unit (ECOL 910), but no more than 6 units can be included on the official Plan of Study. Additional units (including lower division courses) may be required to fill deficiencies or to provide necessary prerequisites for a specific program. However, lower division courses do not count towards the 30 required units for the degree. The Major Advisor may require special courses vital to the understanding of a research discipline.

It is the responsibility of the designated Major Advisor and the Graduate Policy Committee to inform the student in writing of any special course requirements prior to the beginning of the second semester thus allowing adequate time for completion of the special requirements.

**Annual Committee Meeting**

Beginning in the second year, each student is required to have an annual meeting with the Master’s Committee. Scheduling the meeting is the responsibility of the student. At this meeting, the Committee will review the student’s progress and give advice on research directions. DEPARTMENTAL FORM J(a) should be completed at the meeting and given to the Graduate Coordinator.

**Master’s Thesis**

The thesis M.S. degree requires completion of an original research project to be submitted in proper written form to the Graduate College and defended orally before a three-member committee. After scheduling the exam with the committee, the student must notify the Graduate Coordinator of the exam date. Upon passing the oral exam, the Major Advisor must notify the Graduate Coordinator, who will initiate the MASTER’S COMPLETION CONFIRMATION, a GradPath form. Rules governing the written format and oral defense of a thesis are set by the Graduate College. A student should consult the Graduate College’s website [http://grad.arizona.edu/gsas](http://grad.arizona.edu/gsas) for details.

**Definition of Acceptable Progress**

In order to make acceptable progress toward the Master’s degree, the student should:

1. Meet with the Major Advisor and form a Master’s Committee by the end of the first semester (DEPARTMENTAL FORM I); develop initial plans of study including both coursework and plans for thesis research (DEPARTMENTAL FORM C(a)).
2. Complete formal coursework, as agreed upon with the Master’s Committee, by the end of the fourth semester.
3. Make sustained progress toward completing the thesis within the department’s target of three
6 years (no more than one year in the undergraduate, transitional year and two years as a graduate student).
4. Conduct himself/herself professionally as defined by both the University and by the reasonable standards of canons of scholarship.
5. Maintain a GPA of 3.0 or higher in graduate level courses; maintain a GPA of 3.3 or higher in undergraduate courses.

Any student who has not completed the thesis by the end of the second year as a graduate student must meet with his/her committee no later than the beginning of the 3rd year as a graduate student. As a result of this meeting, the student’s major advisor should file a statement of support of the student’s continuation in the graduate program with the Graduate Coordinator. At the same time, the student should file an explicit plan for completing the degree, including a timetable.

**Financial Support**

Students in the Master’s program are not guaranteed financial support by the department. Teaching assistantships are offered to MS students when available. Research assistantships are offered at the discretion of the faculty member.

To receive and maintain a teaching assistantship or research assistantship, students must have been awarded their bachelor’s degree and listed as a graduate student, enrolled for at least 6 units and maintain a cumulative GPA of 3.0 or higher.

Students are encouraged to seek out funding from a variety of sources. The Graduate College has online resources: [http://grad.arizona.edu/funding](http://grad.arizona.edu/funding). Students are also strongly encouraged to apply for fellowship awards from local and national agencies.

**Changing from Master’s Track to PhD Track**

The M.S. program is not ordinarily a way station to the Ph.D. program in this department, and students who seek a Ph.D. are urged to apply to that program. In order to change from the Master’s track to a PhD track, a student must apply through GradApp and pay the application fee. The application will be reviewed by the current Graduate Admissions Committee.

**Appeal Procedures for Master’s Students**

Throughout the master’s program, a student may appeal any decision that affects his/her graduate career. The sequence is Major Advisor, Master’s Committee, Graduate Policy Committee, Associate Department Head, Department Head, and Graduate College. A student should first appeal to the level above which a decision was made. The student is entitled to a hearing to air grievances. Please refer to the Graduate College Grievance Policy. [https://grad.arizona.edu/policies/academic-policies/grievance-policy](https://grad.arizona.edu/policies/academic-policies/grievance-policy)

Students may also consult an Ombudsperson for help with problems. [http://ombuds.arizona.edu](http://ombuds.arizona.edu)
Responsibilities and Expectations

Students are responsible to know and understand all policies, both the department’s and the Graduate College’s. Policies may change throughout the course of a student’s tenure at The University of Arizona. The department will notify students of departmental changes. Although the department will notify students of Graduate College policy changes, students should review the Graduate College policies on a regular basis for any changes.

Exit Interview

Upon completion of the oral defense exam, students should schedule a meeting with the department head. The purpose of this meeting is congratulatory as well as information-seeking. The department is committed to the quality of its graduate program, and the advice and experiences of successful students are valued.

Checkout Procedures

Before students depart the University permanently, they should take care of the following important matters. (1) Keys: keys should be returned to the Key Desk. (2) Forwarding address: students should notify the EEB receptionist of their new addresses so that mail may be forwarded. Also, please notify all magazine and journal subscriptions of your move as soon as possible. (3) Next position: students should notify the Graduate Coordinator of their next position. (4) Lab checkout: Contact the lab manager and find out the lab’s checkout requirements.
Checklist of Departmental Requirements – Accelerated MS Program

**First Semester – As an undergraduate student**
- Choose Master’s Committee – file DEPARTMENTAL FORM I
- Complete and file Provisional Plan of Study – file DEPARTMENTAL FORM C(a)

**Second Semester – As an undergraduate student**
- Complete requirements for Bachelor’s degree

* Upon completion of the BS degree, the Graduate Coordinator will initiate a recommendation for reconsideration to the Graduate College. Formal admission to the Graduate College will be offered, provided the student continues to meet the minimum admission requirements.

**Third Semester – As a graduate student**
- Complete RESPONSIBLE CONDUCT OF RESEARCH FORM - online Graduate College form
- Submit MASTER’S PLAN OF STUDY FORM – online Graduate College form
- Submit MASTER’S COMMITTEE APPOINTMENT FORM – online Graduate College Form

**Fourth Semester – As a graduate student**
- Complete and defend thesis
- Submit thesis for archiving

**Annually**
- Meet with Master’s Committee to review research progress and get advice on research direction – file DEPARTMENTAL FORM J(a)

**For Degree**
- Complete 30 units – 15 must be graded credits, at least 24 must be non-thesis credits
- Complete at least 1 thesis unit (ECOL 910)
- Highly recommended to complete the EEB Grad Core courses – ECOL 600A Fundamentals in Evolution and ECOL 600B Fundamentals in Ecology

The student is responsible for submitting all forms to the Graduate Coordinator in BSW 324 and all Graduate College forms online.
EEB
DEPARTMENTAL FORMS

You may download the fillable PDF version of these forms on the EEB Graduate Program website.

All departmental forms should be submitted to the EEB Graduate Coordinator.
**Departmental Form C(a)**
Ecology and Evolutionary Biology

**Recommendations of Master’s Committee/Provisional Study Program**

A copy of this form should be submitted to the Department and the Graduate Committee before the end of the first semester.

General Resources
**Academic Resources**

- **Office of Student Success and Retention**
  A comprehensive list of campus resources available to all students may be found at [https://studentsuccess.arizona.edu/sites/default/files/WHAT%20STUDENT%20RESOURCES%20ARE%20AVAILABLE%20ONLINE%202_0.pdf](https://studentsuccess.arizona.edu/sites/default/files/WHAT%20STUDENT%20RESOURCES%20ARE%20AVAILABLE%20ONLINE%202_0.pdf)

- **International Student Services**
  International graduate students in need of guidance, particularly in regard to travel and immigration, should visit [https://global.arizona.edu/international-students/announcements](https://global.arizona.edu/international-students/announcements).

- **UArizona Libraries**
  For library information, resources, and help, visit [https://new.library.arizona.edu](https://new.library.arizona.edu)

- **Student IT Center**
  The Student IT Center features online learning and teaching technologies, including tools for collaboration and testing. Visit [https://student.it.arizona.edu/](https://student.it.arizona.edu/) to see their offerings.

- **Online Instruction**
  Visit [https://remote-teaching.arizona.edu/](https://remote-teaching.arizona.edu/) for strategies, tools, and resources -- as well as UArizona policies -- for online instruction.

- **The Office of Research, Innovation, and Impact (RII)**
  [https://research.arizona.edu/opportunities-for-students](https://research.arizona.edu/opportunities-for-students)

- **Disability Resource Center (DRC)**
  Goal is to ensure disabled students, employees and visitors have a similar, if not identical, experience to that of their non-disabled counterparts. [https://drc.arizona.edu](https://drc.arizona.edu)

- **Office of Instruction and Assessment (OIA)**
  OIA has a number of resources for instructors, including webinars and live support. Visit [https://oia.arizona.edu/](https://oia.arizona.edu/) for their full list of resources and access to support.

- **University Information Technology Services (UITS)**
  UITS is still available online to help with technology needs and support. Visit [http://uits.arizona.edu/](http://uits.arizona.edu/) for their full range of services.

- **GearToGo**
  Graduate students in need of technology or equipment for their teaching and learning may still check out items through GearToGo. Visit [https://arizonauits.getconnect2.com/](https://arizonauits.getconnect2.com/) for information on their hours and offerings.

- **Office of Student Computing Resource (OSCR)**
  The Office of Student Computing Resource is now providing software assistance online. OSCR consultants can assist and guide you on how to use software to finish your projects. Do you have questions about using Adobe Creative Cloud, SolidWorks, other multimedia software, or Office 365 applications? Meet with OSCR’s Multimedia Zone lab consultants via Zoom. Support is offered to you using the Zoom video conferencing software, which is free to all University of Arizona students, staff, and faculty. For more information, visit [https://oscr.arizona.edu/content/online-support](https://oscr.arizona.edu/content/online-support).

- **Office of Digital Learning (ODL)**
  ODL is a hub for UArizona’s online education in general, and currently also has resources for instructors teaching online. Visit [https://digitallearning.arizona.edu/](https://digitallearning.arizona.edu/).

- **Office of Fellowships and Community Engagement (OFCE)**
  Offers workshops and information sessions. For information and to sign up, visit [https://grad.arizona.edu/ofce/workshop-and-presentation-materials](https://grad.arizona.edu/ofce/workshop-and-presentation-materials).

- **Summer Fellowship Application Development Program**
  The Summer Fellowship Application Development Program offers deadlines and writing support
to assist UArizona students in completing fellowship applications over the summer. More information may be found at https://grad.arizona.edu/ofce/summer-fellowship-application-development-program.

- **Writing Efficiency Sessions (WES)**  
  WES are group writing sessions focused on productivity and output. For more information, visit https://gradcenter.arizona.edu/writing-efficiency-sessions.

**Professional Development & Career Resources**

- **Career Counselor**  
  The Graduate Center is here to support all graduate students in their career endeavors, with a focus on the transition to industry, government, business, and non-profit employment sectors. Support includes identifying opportunities, conducting searches, networking, drafting application materials, and interviewing. You can schedule a 1:1 career advising appointment. Visit for more information: https://gradcenter.arizona.edu/resources#Job%20Search

- **Career Forward Sprint: Beyond the Academy**  
  This program is for graduate students and postdoctoral scholars currently in or about to enter an internship or job search. This fully online (D2L) program teaches strategies to help you successfully navigate your career beyond the academy, while presenting your most professional self. The 1-month cohort experience covers: 1) career research and discovery, 2) building your network and your professional self, 3) developing your application materials, and 4) preparing for and practicing interviews. In typical Sprint fashion, recommended daily tasks help ensure you keep moving forward! A new cohort begins every month. The program is free, but space is limited. If you have questions or want to reserve your spot, please see: https://gradcenter.arizona.edu/resources#Job%20Search

**Personal Resources**

- **Campus Pantry**  
  The Campus Pantry aids students facing food insecurity. It has a new location and new hours during the current campus closure. To see hours, location, and additional information, visit https://campuspantry.arizona.edu/.  
  o **Community Food Bank** is running drive-through distribution and serves everyone in the Tucson area. For times and locations, visit their website at https://www.communityfoodbank.org/covid-19-update.  
  o For those with children, many locations are distributing meals for children. View the list of sites here: https://tucson.com/thisistucson/schools/a-huge-list-of-places-to-find-free-meals-for/article_a998ef24-67d3-11ea-9c06-b740ecd2d470.html.

- **Campus Health**  
  Check their website at https://health.arizona.edu/ for the most up-to-date information.  
  o **98.6** is a telemedicine service that is available to all UArizona full-time students. Sign-up and more information can be found at https://www.98point6.com/arizona/.
• **Counseling and Psych Services (CAPS)**
  CAPS is available for students. Visit [https://health.arizona.edu/counseling-psych-services](https://health.arizona.edu/counseling-psych-services) for more information regarding scheduling and appointments. Life Management Counseling is also available for non-clinical counseling needs. Visit [https://studentsuccess.arizona.edu/student-wellness-retention](https://studentsuccess.arizona.edu/student-wellness-retention) for more information.
  
  o The College of Medicine’s Mental Health Services webpage is geared toward caregivers at home and in healthcare facilities, and can be found at [https://mentalhealthservices.medicine.arizona.edu/](https://mentalhealthservices.medicine.arizona.edu/).

• **Campus Recreation**
  [https://rec.arizona.edu/](https://rec.arizona.edu/)

• **Life & Work Connections (LWC)**
  Mostly geared towards benefits-eligible employees, but there are some resources for students. Visit [https://lifework.arizona.edu/](https://lifework.arizona.edu/) for their resources.
Crisis Information
Campus Health’s Crisis Resources and Hotlines: [https://health.arizona.edu/crisis-resources-and-hotlines](https://health.arizona.edu/crisis-resources-and-hotlines)

At [Counseling and Psychiatric Services (CAPS)](https://health.arizona.edu/crisis-resources-and-hotlines) students can speak with licensed mental health professionals about things like:

- anxiety and depression
- eating and body image
- alcohol and drug concerns
- family, friend, roommate, and relationship problems
- sexual assault and relationship violence
- crises and trauma
- psychiatric medication
- And anything else you need to talk about.

All currently enrolled students are eligible to be seen at CAPS. CAPS is offering all services via Zoom or phone. Please call CAPS prior to going into the office.

- CAPS Main phone: 520-621-3334
- [https://health.arizona.edu/counseling-psych-services](https://health.arizona.edu/counseling-psych-services)

You may also refer a student to CAPS if you become aware of a student struggling with mental health issues. If you refer a student to CAPS, then please also file a Public Care Report with the Dean of Students. **24-Hour Hotlines:**

The National Suicide Prevention Lifeline is a 24-hour, toll-free, confidential suicide prevention hotline available to anyone in suicidal crisis or emotional distress. By dialing 1-800-273-TALK (8255), the call is routed to the nearest crisis center in our national network of more than 150 crisis centers. The Lifeline’s national network of local crisis centers provides crisis counseling and mental health referrals day and night.
