

Please join us for a seminar in the Department of Ecology & Evolutionary Biology

Eco-evolutionary dynamics of disease:

How introduced
parasites shape the
ecology and evolution
of Galapagos
communities

Monday, Oct. 6
3:00 PM in ENR2 S107

Zoom link available at
eeb.arizona.edu/seminars

Presented by

Dr. Sabrina McNew

Assistant Professor
University of Arizona EEB

Hosted by Prof. John Wiens
